DOCKETED

DOCKETED BY

Dear Arizona Corporation Commissioners:

I am sending this in lieu of attending the Public Comment Session for the APS Rate Change scheduled for March 29th, at Yavapai College, in Clarkdale, Arizona. If you could please include in the public record, it would be much appreciated.

I have been a residential customer of APS since 1985.

I am requesting that the Arizona Corporation Commissioners **protect individual private rights to keep existing meters and OPT OUT of SMART METERS.**

I am also requesting that the Commissioners ensure that no significant financial hardship will result from decisions to OPT OUT of SMART METERS.

I would also like to ask that the Commissioners oppose any increase to the basic service charge as it would result in significant financial challenges for many, especially the poorest citizens of our state who are doing everything they can just to make ends meet.

I am also requesting that the Commissioners allow customers – NOT APS – to select the best rate plan to meet their needs. Please oppose mandatory residential demand charges.

Thank you for your time and consideration. If I can provide further information, please do not hesitate to contact me.

Sincerely,

Elizabeth Hunzicker
